

Quality and environment policy

VARPE CONTROL DE PESO S.A. is a worldwide leader with 40 years of experience in the manufacturing of customized global solutions with high technology such as checkweighers and contamination detection equipment used in production lines, leading industrial sectors such as food, pharmacy, cosmetics and hygiene.

The management of VARPE, committed to impartiality and confidentiality, is aware of the importance of offering the best service while guaranteeing the sustainability of the activities, the quality of its work and respect for the environment through the implementation of an integrated quality and environmental management system based on in the UNE-EN ISO 9001 and UNE EN-ISO ISO 14001 standards. In addition, it has a verification laboratory for calibration and testing of equipment, based on the normative requirements of UNE-EN ISO/IEC 17025 and RD 244/2016.

Our company is oriented towards innovation and risk-based thinking, with the aim of promoting continuous improvement of the organization. In addition, we have a firm commitment to the environment, trying to cause the minimum impact on climate change.

Consequently, VARPE establishes, declares, and assumes the following principles:

- Satisfying the needs **and expectations** of interested parties through global services, products and solutions that are reliable, efficient, and sustainable.
- Promoting continuous improvement of the organization through an integrated efficient management system that also allows to control the processes of the organization, including the verification laboratory.
- Training, motivating and responsibly involving all the staff of the organization **to ensure the quality of products and/or services, as well as to protect the environment and prevent pollution.**
- Minimizing the environmental impacts that arise from our activities, **promoting the efficient use of resources and proper waste management**, in order to promote the sustainability of the activities carried out.

such as those associated with waste and the consumption of resources and energy, promoting their efficient use and proper management, with the ultimate aim of protecting the environment and preventing pollution.

- Complying with the applicable legislation, as well as with the requirements that the organization voluntarily subscribes.
- Reaching a mutually beneficial relationship with your suppliers that increases the ability of both to create added value **that allows us to guarantee high-quality products and services with environmental sustainability.**

The management of VARPE CONTROL DE PESO, S.A. undertakes to review, maintain, disseminate, and apply this policy at all levels of the organization, available to anyone who wishes to consult it.

THE MANAGEMENT.
